A line drawing of the back of a Game Boy Advance SP console. The drawing shows the screen, the D-pad, the Start button, the Select button, the L button, the R button, and the Power button. The console is shown from a slightly elevated angle, highlighting its clamshell design.

- Border around screen is BLACK
- Border should extend to edge of glass
- Corner radius of viewing window is 0.7mm in all corners
- Silkscreen is viewed from FRONT of device, pictured above
- Circle cutout should be in TOP LEFT quadrant when device viewed from FRONT
